## Summary

A skilled **Full Stack Developer** with expertise in C/C++, JavaScript, Python, and TypeScript, specializing in crafting scalable and user-friendly web applications. Proficient in modern frontend technologies including React.js, Next.js, Tailwind CSS, HTML5, and CSS3, and experienced in backend development using Node.js, Express.js, MongoDB, MySQL, and REST API development. Adept at leveraging tools and platforms such as Git & GitHub, Vercel, Render, Postman, and Firebase to deliver efficient, high-performance solutions. With a strong foundation in UI/UX design using Figma and a commitment to staying at the forefront of technology, I seek a challenging role that utilizes my technical expertise, creativity, and dedication to delivering exceptional results.

## Education

**Goa Engineering College** *Goa, India*
BE in Information Technology *2022-2026*
• CGPA: - 8.93 (5th Sem).
• **Courses:** Operating System, Computer Networks, Data Structures and Algorithm, Cloud Computing, DBMS.

**Shri Damodar Vidyalaya Loliem Canacona** *Goa, India*
High School *2014-2020*
• Passed with Distinction.

## Skills

| | |
|---|---|
| **Programming** | C/C++, JavaScript, Python , TypeScript. |
| **Front-End** | React.js , Next.js , Tailwind CSS ,HTML5 , CSS3 . |
| **Back-End** | Node.js, Express.js, Database(MongoDB), MySQL, REST API Development. |
| **Tools & Platforms** | Git & Github, Vercel, Postman, Firebase,Render. |

## Projects

**Employee -Task-Management System** *Goa, India*
Goa Engineering College
• Enhancing Employee Task Management with efficient task tracking and assignment to optimize workflow and productivity.
• The app allows users to track and manage their tasks, ensuring organized and timely completion.
• Admins can assign tasks to users, monitor progress, and adjust priorities to meet organizational goals.
•Users can customize their task list, set deadlines, and mark progress, ensuring streamlined task management and effective execution.
• **Technical Skills:** HTML, CSS, PHP, SQL (for database management).

**AI Code Reviewer** *Goa, India*
Goa Engineering College
• Developed a full-stack AI-powered code review platform using the MERN stack, enabling users to submit code and receive intelligent feedback through natural language prompts.
• Integrated Gemini API to deliver contextual analysis, suggestions for optimization, and detection of bugs and anti-patterns across multiple programming languages.
• Designed a clean, responsive UI in React with real-time code input, syntax highlighting, and interactive AI conversations for an enhanced developer experience.
• **Technical Skills:** Express.js, React, Node.js, Gemini API,Tailwind CSS .

## Achievements

| 2024 | **Google for Developers** , Android Developer Virtual Internship | *India* |
|---|---|---|
| 2022 | **TechFest IIT Bombay** , Attended Andriod Development Workshop | *India* |

## Experience

**Full Stack Development Intern – Nexocide Private Limited** *Goa, India*
*July 2025 - Present*
• Developing and enhancing responsive user interfaces using React.js, Next.js, and Tailwind CSS.
• Implementing API integrations with RESTful services to ensure smooth data flow between frontend and backend.
• Building and maintaining scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
• Integrating REST APIs and implementing backend logic with Node.js and Express.js.
